PWNG services, Inc. warrants that, Applesauce©, will protect the roof surface to which it was applied against the recurrence of:

Mold, mildew, and fungus for a period of no less than **1-years (12 Months)** from the date of application. **If any discoloration due to algae, mold, mildew, or fungus reappears within this time frame, these will be treated at no additional cost to the customer.**

PWNG services, Inc. requires 21 days from the date of application listed on this warranty for all moss residual to be completely gone from the surface of which Applesauce© was applied to. Any warranty claims made should be directed to PWNG after the 21 day window has expired. PWNG will give customer issuing claim, preference in scheduling and insure that moss residual is sprayed at no additional charge, no later than: [60] days from date of original application.

The use of any solvents, chemicals, or treatments other than those approved by PWNG Services, Inc. in advance voids his warranty. Any areas of the roof where trees, shrubs or any plant life overhang the roof are not covered in this warranty.

No other warranties, expressed or implied, are valid. PWNG services, Inc. will not be held responsible for incidental or consequential damages from any cause.
